Classic Green Light and People of Pacific Beach,

Thank you very much for the care package you have sent us. My troops on both shifts (days and nights) are appreciative of the gifts we received from you.

Definitely for sure, we can use these items in our daily activities here. I snapped several pictures on my iPhone and I still have to download it to my laptop computer in able to send it to you on a separate email.

I attached several pictures similar to my detachment's aircraft and our logo.

Very Respectfully,  
LT Ron Mendoza, USN  
Maintenance Officer  
VRC-30 Detachment One  
"The Hustlers"
